

Datos técnicos

Fluke TLPV1 MC4 to 4mm Test Lead Set

Características principales

- Ensures safe PV measurements, compatible with 4mm sheathed banana plugs.
- Ideal for regular tests, troubleshooting on Staubli MC4 PV panels.
- Includes Fluke TLPV-UTOOL for convenient connector disconnect.
- Features Fluke LeadWrap for organized test lead management.

Descripción general del producto: Fluke TLPV1 MC4 to 4mm Test Lead Set

The TLPV1 MC4 to 4mm Test Lead Set provides essential tools for accurate and safe measurements in solar photovoltaic (PV) systems. Designed with black and red MC4 to 4mm banana plug test leads, this set ensures reliable connectivity and performance in various solar applications.

Measurement and Troubleshooting: Facilitates connection of measuring devices to PV power plants, ideal for routine tests and troubleshooting on Staubli MC4-connected solar PV panels.

Nickel Plated Contacts: Provides robust and reliable connections with minimal resistance and corrosion, ensuring long-term performance and accuracy.

Lead Specifications: Includes 150 cm (59 inches) long test leads with color-coded black (female) and red (male) MC4 connectors for quick identification and usability.

Official Staubli MC4 Connectors: Ensures high-quality and dependable connections for accurate measurement results.

Accessories: Comes with the Fluke TLPV-UTOOL solar PV unlocking tool for easy disconnect of Staubli MC4 connectors, and the Fluke LeadWrap for organized storage and management of test leads.
